ABOUT ME

I come from a diverse background with a strong foundation in information technology. Throughout my academic journey, I've developed a passion for leveraging technology to solve real-world problems and drive innovation. With hands-on experience in software development, cybersecurity, and data analysis, UI/UX Design. I'm equipped with the skills and knowledge to excel in the dynamic field of IT.

EXPERIENCE

UI/UX Design & Game Development

PixelPlay Studios

January 2023 - June 2023

- During my internship at PixelPlay Studios, I seamlessly blended UI/UX design principles with game development methodologies, crafting intuitive user interfaces and implementing engaging gameplay mechanics. Collaborating with cross-functional teams, I conceptualized and designed immersive gaming experiences, iterating on designs based on user feedback to deliver captivating interactive adventures.

Graphic & Web Designer

Creative Solutions Inc.

Feb 2024 - July 2024

- As a graphic and web designer at Creative Solutions Inc., I crafted visually stunning graphics and user-centric web designs, ensuring seamless integration of branding elements and intuitive navigation. Leveraging my expertise in Adobe Creative Suite and HTML/CSS, I delivered high-quality designs that elevated client brands and enhanced user experiences across digital platforms.
